

Measurement Guide

These measurements shown on the size chart are body measurements. To help you pick the right size for your child.

To measure your little one just follow these steps:

First grab a tapemeasure!

How To Measure Height:

Standing toddler : Measure without shoes, from the top of their head to the floor.

Laying down baby: Measure from top of head to heel

How to Measure Chest:

Place your tape measure as close under arms as possible and measure the roundest area - leave a little space don't have the tape too tight!

DONE!

The chart shows average child measurements for guidance to help determine which size is right for you.

Please note, clothing measurements vary slightly to each garment design.
